

BENCHMARK CARES ABOUT OUR EARTH!

Our Earth Celebration Week Plan April 19th-23rd! There are Prizes!

M - Carpool or Bike Day - Stop by the office for your coupon for a personal carbon scrubber (plant) if you carpoled, rode your bike, or walked to school!

T - Decorate your water bottle - Have your class vote on the best design. Winner gets a pack of milkweed seeds to plant in their garden for the Monarch butterflies!

W - Wear your "Earth Day Best" - Create a costume for our parade in the courtyard at 9:15. Best costumes get a child's garden tool set!

Th - Decorate your reusable Grocery Bag. We will provide reusable grocery bags for each child to decorate at home. Have them bring them back to class to show off their design. Each child that decorates their bag gets a reusable straw!

F - Make a commitment to change - Watch the video provided by the Science Lab. (<https://youtu.be/jRxEwNjOIWw>). Have each child take home a certificate we provide to fill out with their family to choose one new commitment they would like to make to the Earth this year to improve the health of our planet (above and beyond recycling!).
